Dear Professor Baker:

Will you be kind enough to present  
Hon. Chief Justice Haultain for the degree of Doctor of Laws,  
*honoris causa*, at the Convocation on Friday, May 21st?

Yours sincerely,

President.

Dear President Folger

At present the members of the math. Dept. are very much scattered in the matter of private rooms, - Fields in the Physics Building, Bratteli & Povondra in the back (Old Prudential) wing of the Lewis Building. Such a condition interferes with the coherence and therefore efficiency of the Dept. often when I wish to communicate with them even they are not to be found.

It has occurred to me that my difficulty will over come if

we had the room at present  
occupied by the Oriental Dept.  
With Profs. McCurdy and New-  
inger gone, it may be easy to  
make a change, assigning to  
the Oriental Dept. rooms in  
the west wing (old residence).  
Beatty & Powers could give up  
their the rooms or rooms assigned  
to them.

May I ask you to be so  
kind as to consider this matter.  
I have asked Prof. DeWitt to  
represent it to you.

Sincerely yours

Albert H. Miller
